

Teenage Nark

Wasted Youth

Now I'm working for the school
I try my best to look cool
Are there drugs going down?
Must find out I'll hang around
Principal's my best friend
I do a job that never ends
I'm the new teenage nark
I'm in your school
I'm getting good grades
I'm not afraid
I'm a teenage nark
I live in your school
I just want to be a cop
I'll grow up just like my pop
Next person that I see
I'm gonna bust them
I don't care if they have no drugs
I'll bust them anyway
You are never safe
From the new teenage nark
I'm getting good grades
I'm not a nark
I live in your school
I'm a teenage nark (x3)
You're busted
