See U (feat. T-Rexxx Kwon-Dough)

Michael Miller

(Intro Hook) [Michael Miller]
I wanna see you, touch you, love you. Yeah, yeah.
I wanna see you, touch you, love you. Yeah, yeah.
I wanna see you, touch you, love you. Yeah, yeah.
I just wanna love you girl, tonight.(Verse 1) [T-Rexxx Kwon-Dough]
I wanna see what I ain't seen in so long.
I'm tired of being home and you tired of being alone.
Wishing you would call, keep checking my phone for your digits.
Thinking 'bout your smile 'cause I miss it.And ain't nothin' different 'cause our love remain the same 'till the end.
Solid foundation 'cause we started off as friends.
Then friend turned to boo, boo turned to baby.
Ima throw a ring on it 'cause I'm tryna make a baby.Yeah I know it sounds crazy, but love is insanity.
Dude that you had in the past just a memory.
We can do it fast, take it slow, whats your fantasy?
Do it all night I stay charged like a battery.Ha. And baby you're the one.
No need for no women on the side 'cause you enough.
I wanna hear it when I break you. See you when I face you.
Touch you when I trace you and you love it when I taste you.(Hook 1) [Michael Miller]
I wanna see you, touch you, love you. Yeah, yeah.
I wanna see you, touch you, love you. Yeah, yeah.
I wanna see you, touch you, love you. Yeah, yeah.
I just wanna love you girl, tonight.(Verse 2) [T-Rexxx Kwon-Dough]
You know I love you babe. Everything about you babe, good
and the crazy thing is attitude and everything.
Heart got a spot for you baby you can stay there.
What's worse than being alone? Baby you can lay there.Had our ups and downs like baby we human.
Times a testimony so baby we proving
Their relationship ruined so of course their gonna speculate.
Baby on the way so of course their gonna really hate.But you ain't trippin', you don't even let if phase you.
Been through it all and you ain't even let it break you.
That, that fighter spirit, I see it when I'm fighting with you.
And you was there when I had nothing yeah I'm riding with you.And when you cry, baby i'll be crying with you.
Romeo and Juliet, you dying then I'm dying with you.
I wanna see you and you see what I see.
A big ass diamond and me down on one knee.(Hook 2) [Michael Miller]
I wanna see you, touch you, love you. Yeah, yeah.
