

My Niggas (Skit)

DMX

Just 'cause I love my niggas (L-Dog.)
I shed blood for my niggas (Ryde or die.)
Let a nigga holla, "Where my niggas?" (Get down or lay down.)
All I want to hear is, "Right here, my niggas."
(We here, nigga.)

You won't take this from me baby!
You will not take this from me baby!
Ya know!

My niggas, some niggas that you don't want to try.
My niggas, some niggas that's really do or die.
My niggas, will have you cowards ready to cry.
My niggas, will fry, my niggas will rob.
My niggas, keep niggas on they fuckin' job.
My niggas, know what it's like when shit gettin' hard.
My niggas, stay pullin' you other niggas cards.
My niggas, It's God, my niggas, we'll shine.
My niggas, just knew it was a matter of time.
My niggas, let me know to keep fuckin' with the rhymes.
My niggas, ain't no longer livin' with crime.
My niggas, is fine, my niggas is good.
My niggas, keep you niggas knocking on wood.
My niggas, know how to take it back to the hood.
My niggas, will put you down right where you stood.
My niggas, they could, my niggas, they will.
My niggas, take you straight to the back and get ill.
My niggas, give it straight to the bank when we kill.
My niggas, put niggas on ice till they chill.
My niggas, is still my niggas; is dogs, my niggas.
My niggas, is dogs; my niggas will fight.
My niggas, will beat ya till you see no light.
My niggas, is bright; my niggas is dim.
My niggas, will tear ya limb from limb.
My niggas, is thin; my niggas is swole.
My niggas, will hang you from a pole.
My niggas, is old, my niggas is young.

You better get out my face before your bell gets rung.
