Talking Crap

Zombies On Vacation

- (talking) Oh my god, did you hear about bobby? Apparently he...- (talking) The other day at work I overheard....- (talking) So I'm at dinner the other night and I overhear
the table next to me...- (talking) According to my best friends friend, they are total idiots...- (talking) I know it can't be true, but did you hear about- (talking) I shouldn't repeat this but...- (talking) Did you read on Facebook about that guy..SHUT UP!!!You need to shut your mouth
Cause you're talking crap
You need to shut your mouth
Cause you're talking crap
You need to shut your mouth
Cause you're talking crap
It's spilling off your lips
Right onto your lapI heard you in the lunchroom running your jaw
An authority on everything, you are the law
But we all know it's bogus, a total pack of lies
Those words that spill off your tongue no one's gonna buy.You need to shut your mouth
Cause you're talking crap
You need to shut your mouth
Cause you're talking crapYou captivate an audience with the nonsense you speak
They look at you in horror and think you are a freak
Do you ever, ever think about the words you let loose
Or do they come out so fast it's just verbal abuseYou need to shut your mouth
Cause you're talking crap
You need to shut your mouth
Cause you're talking crapHow do I know whenever you're near?
Cause Blah blah blah is all that I hear!
Noises to the right and noises to the left
It's whenever you are speaking that I wish I was deaf."Play the song louder, I can still hear you"You need to shut your mouth
Cause you're talking crap
You need to shut your mouth
Cause you're talking crapWords flow off your tongue Like beer from a tap
It's a shame I don't like violence or your face I would slap
But karma is a coming that much is true
Soon I'm gonna hear someone talking crap about youYou need to shut your mouth
Cause you're talking crap
You need to shut your mouth
Cause you're talking crap
You need to shut your mouth
Cause you're talking crap

It's spilling off your lips
Right onto your lapShuuuuttt Uuuuuuupppp!!!!
