Know Him

J. Moss

Know Him by J Moss feat.
Karen Clark-Sheard
Chorus
How can people live without Him
How can people pray and doubt Him
How could you hate things about Him
When you don't know Him
He gave His only Son to save us
Would you have done the same for haters, no
I don't need to beg
But I will until I can get you to know Him
Who do you think woke you up this morning
Who do you think kept you through the night
Who do you think made the air you're breathing
Jesus
Who do you think gives the ability to see
Jesus, the creator of man
Who do you think gives the car you drive
Who do you think cut you piece of the pie
Who do you think controls death or life
Jesus (2x)
Who do you think holds the fate of each day that we see
Jesus, the Son of man
How can people live without Him
How can people pray and doubt Him

How could you hate things about Him
When you don't know Him
He came into this world to save us
Would you have done the same for haters, no
I don't need to beg
But I will until I can get you to know Him
Karen Clark-Sheard:
Who do you think made the ocean blue
Who do you think makes the flowers bloom
Who do you think gives the wind that soothes
Jesus
Who do you think hand made every vision that is seen
Jesus, the creator of man

Who do you think could ever love so much
Who do you think could heal from a touch
Who do you think would have died for us
Jesus (2x)
Who do you think gives us life eternally
Jesus, the Son of man
How can people live without Him
How can people pray and doubt Him
How could you hate things about Him
When you don't know Him
He came into this world to save us
Would you have done the same for haters, no
I don't need to beg
But I will until I can get you to know Him
