

Pussy Ain't Shit

Funkdoobiest

Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits One vagina, two vagina, just like a minor
I'm a go deep paid fuck for reminder
Doobie can't spark itch my dick with the clitoris
Isn't this 'cause all the pussy can't get with this Shaving the anus, smelly who sprayed it
She grabbed my dick with the pussy lips sagging
I just fuck the pussy, then I just throw it out
It ain't shit the bitches be acting like its gold Sucking, fat lips swelled with the ovaries
The space in between was her urinary opening
Vagina walls pollute my dick with the uterus
Funkdoobiest, yo girls ain't used to this Fallopian tubes, the pussy's pulsating
And clitoris is hot, my way, I'm masturbating
Waiting for the skin, but isn't all for me though
The pussy ain't shit fuck a bitch and her ego Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits What was that, the pussy just farted
I lubricate the lips, vagina walls had parted
The cervix of her uterus, I saw Mrs. Diaphragm
Pussy ain't shit, give it to me in a frying pan Who's catching coodies, pussy gotta a doodies
Brush with the remedy, when given up the booty
A turn on, the passage to the female genitals
I won't play myself and giving 'em my principal
Physical, female, anatomy, sad to see A pressed pussy lip drip so don't be mad at me
Brothas in prison doing time for the coochie
The tuna, the shrimp, the snatch and the sushi
Vagina's discharged, spots on the panties
Unsanitary 'cause the pussy's too hairy Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits Niggaz wanna die for the pussy and fight for the pussy
Kill for the clit, yo, I ain't going out
It's just me on the marrow, a muscle for the friction
Cold sex for no sex that's my prediction Diction, speak the X-rated lingo
Waiting on my dick, I hit the g-spot bingo
Pussy lips wrinkled, the wet soft and nappy
A menstruating cycle thats never acting happy Hormones, menopause, cramps yo, I wonder

Pussy can't bury niggaz six feet under
Others won't listen, vagina's all busted
Son's so disgusted, can't be trusted Infested, dirty with the Monostat 7
Rotten was the clitoris and pussy lips infected
Remember, I said the first time it came to me
Now I look back and shit it's all the same to me Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
Pussy ain't shit but lips and clits
