

Your Forever Blue

Steve Earle

Since you left me, baby
I've been true to you
I don't run around with every gal in town
The way I used to do I'm startin' over new
Yours forever blue I wrote you a letter
And every word was true
And I apologized for all my lies
And the way I've treated you Signed it 'Lonely Fool'
Yours forever blue Lately I've been hurtin'
Deep inside of me
Yeah, my poor heart's broke and every ragged stroke
Brings back your memory Keeps me wantin' you
Yours forever blue But I don't need no doctor
To tell me what to do
Bout this spell of yours cause there ain't no cure
Even if I wanted to Can't get over you
Yours forever blue If you ever want me
You know what to do
Just call my name cause I ain't ashamed
To crawl on home to you If you want me to
Yours forever blue I'm gonna buy myself a guitar
Any kind'll do
The only song I know, play it soft and low
While I moan the blues for you The whole night through
Yours forever blue
