

Words

Days of the New

I will run for you
And I would kill for you
I think I'd let you strangle me too
And I would stand for you
Choosing left from right
Decisions decisions
I hope I will make it right
Decide on decisions(What the fuck?)
I can't find my will
I can't seem to chill
Why don't I just sit still?
Cause I'd rather be alone Tell me what to do / ask me what to do
Force me til I do / the sadness of I do
