

# Farewell Blues

[Ted Lewis](#)

Sadness just makes me sigh,  
I've come to say goodbye,  
Altho' I go, I've got those farewell blues.  
Those farewell blues make me yearn,  
That parting kiss seems to burn.  
Farewell, dearie, Someday I will return.  
Dreaming of you is sweet,  
Someday again we'll meet.
