

All of This Time

[Mishka](#)

All of this time. we've been waited
All of this time, we've been trusted
All of this time, we've been going on
All of this time, we've been hoping Our hearts are drifting the distance
Here in the twilight, fading sunlight casting shadows
Gone is the brightness of the days
And the beauty of the breeze
Is blowing away, blowing away Friends come and go, very few stay
Pain and betrayal, remember those days
Lookin' to the hills of the lonely lonely roads
And the breeze picking up
Blowing away, blowing away All of this time. we've been waited
All of this time, we've been trusted
All of this time, we've been going on
All of this time, we've been hoping Some of the our desires, carved in the stone
Without all erosions, hold along
Just out of reach, carried in a song
And the breeze in our seas
Is blowing away, is blowing away Rain in our basins, memories enshrined
In these old stories, we drink all like wine
And we breathe them on the breeze
Is blowing away, is blowing away
Away, is blowing away As we waited
As we waited
As we waited
As we waited All of this time
All of this time
All of this time
All of this time
All of this time
All of this time
All of this time
All of this time
