I Get Off

Halestorm

You don't know that I know you watch me every night
And I just can't resist the urge to stand here in the light
You're greedy eyes upon me and then I come undone
And I could close the curtains but this too much fun
I get off on you getting off on me
I give you what you want but nothing is for free
It's a give and take kinda life we make
When your line is crossed I get off, I get off
So much left unspoken between the two of us
It's so much more exciting to look when you can touch
You could say I am different and maybe I'm afraid
But I know how to twist ya to bring you to your knees
I get off on you getting off on me
I give you what you want but nothing is for free
It's a give and take kinda life we make
When your line is crossed I get off, I get off
But you don't know but you can't see
It's what you forgive out here for me
I get off on you getting off on me
I give you what you want, yeah
I get off on you getting off on me
I give you what you want but nothing is for free
It's a give and take, kinda life we make
When your line is crossed I get off
I get off, I get off, I get off
