

She Don't Move Me No More

B.B. King

Ooh baby, baby you don't move no more

Oo-wee baby, you don't move no more

I believe, baby I believe I'm gonna let you go Lord, early in the mornin', baby

You don't wash my face like you used to do

Well, early in the mornin', baby

You don't wash my face like you used to do

Well, you know baby, baby you know that'll never do Oh, if I should cry, baby would that do poor B. any good?

Well, if I should cry darlin', honey, would it do poor B. any good?

Well, I hate for all my people to know baby

I'm the biggest fool in the neighborhood
