

The Ballad of Vadge Moore

Dwarves

Here lies the ballad of Vadge Moore
A horned Heathen out on tour
Say what you wanna
Wouldn't you rather have some Moore
He Isn't insane and never would claim
to be that way
Lucifer fell from hell and then he rise
Say what you wanna he found nirvana
In your Thighs
And so that saga never ends
He's Down so low he's got the bends
It's what you wanted
Just what you wanted
Blood and he's gut you never can trust
That Moore Dark Lord
Lucifer fell from hell and then he rise
Say what you wanna he found nirvana
In your thighs
