

# The Last Journey Home

## DragonForce

Strangers to reason, our bleeding hearts so cold  
Life brings a change it seems and fear will blind the soul  
In the silence one only will know  
Cast away, can it fall on the wastelands? Send the soul from the forgotten sickness and save his life  
Challenge the dream before the long departing, your mind is right Whoa, hear the burning thunder roar  
Whoa, whoa, still lost in a fire storm  
Tonight we feel the past return Lost inside the dream, despite the life we'll live forever  
Still the wasted time left burning below  
One thousand shattered voices, lost inside an endless wonder  
Tonight her voice will take me home Shine glorious we run, we stare into the blackened sky  
Save the last command, the virtue blinding  
So far beyond the sun, still blinded with the fire inside  
Once alone again, silence stands for our last journey home Our lives intensified, mutation, frustration  
Ever lasting lifetime in beyond the world  
We'll travel endlessly, they're moving disjointed  
One man can understand his sad misery Whoa, whoa, whoa  
They've taken my heart, they've taken my soul  
And now we stand below in sanity In time we'll see the past unwind  
Alive still wander in a fallen land  
One more time we stare into the blackened sky  
For tonight in our hearts now we feel  
One last time see our destiny reveal Shine glorious we run, we stare into the blackened sky  
Save the last command, the virtue blinding  
So far beyond the sun, still blinded with the fire inside  
Once alone again, the silence stands Shine glorious tonight, still blinded by the blackened sun  
Save the last command, forever rising  
So far beyond they come, still blinded with the fire inside  
Once alone again, silence stands for our last journey home  
Silence stands for our last journey home
