

# Dolce Vita

## The 69 Eyes

Good morning, Rome  
Good night, Bangkok  
Only lovers left alive, girl  
Your drugs, your lips It's our deep desire  
Always to feel the fire Cry out for a better world  
Dance on like a pretty girl  
Break out and let you burn  
Like a real Dolce Vita, baby Cry out for a better world  
Dance on like a pretty girl  
Break out and let you burn  
Like a real Dolce Vita, baby  
Yeah! Bongiorno, Rome  
Buona notte, Bangkok  
Only lovers survive, girl  
Your drugs, your lips It's our deep desire  
To feel the funeral pyre Cry out for a better world  
Dance on like a pretty girl  
Break out and let you burn  
Like a real Dolce Vita, baby Cry out for a better world  
Dance on like a pretty girl  
Break out and let you burn  
Like a real Dolce Vita, baby  
Baby  
Good morning, Rome  
Only lovers left alive, girl  
Your drugs  
Dolce Vita, baby Cry out for a better world  
Dance on like a pretty girl  
Break out and let you burn  
Like a real Dolce Vita, baby Cry out for a better world  
Dance on like a pretty girl  
Break out and let you burn  
Like a real Dolce Vita, baby  
Dolce Vita, baby  
Baby
