## Chartreuse

## **ZZ** Top

Chartreuse
You got the color that turns me loose
Chartreuse

That color just turns me loose Better than Magenta

Better than Fuchia

You got a shade that gets rid of the blues. Chocolate mousse

Don't you know I like big Caboose

Chocolate mousse

You know I like that big Caboose

Its sure sweet,

Lights my fuse

Its sure sweet,

Lights my fuseChartreuse

That color just turns me loose

Chartreuse

You got the color that turns me looseChartreuseYou got the blues baby

I got the juice

You got the blues baby

Remember, I got the juiceChartreuse
