

# One

## Kj-52

What love could take a slap to the face  
Jab to the face, get stabbed in the waist  
As they laugh and they came as they passed by the place  
Where he hung and was beaten till the blood he could taste  
What kind of love had him treated this way  
Just bleeding away while he was bleeding in pain  
Well to seek and to save was the reason he came  
And the one love for you was the reason he gave  
(One love) That love was the reason he raised  
Himself from the grave and it's the reason he reigns  
Time will pass and seasons will change  
But the love that he has never leaves or just fades, one love One love, one God, one way  
One love, one God, one way  
One love, one God, one way  
One love, one God, one way What god made the sun and moon?  
Sky and the trees and caused them to bloom?  
Who was alive when he came from the tomb?  
And will come back light up the sky like high noon  
What God can make it all brand new  
Just for you in the times when it all falls through?  
When you can't find your way who you gonna call to  
The one God, the only God now that's who  
(One God) There ain't no other God that's true  
There ain't nothin' that my God can't do  
You ain't heard what I said now, dude  
Well, his name is Jesus, now, I thought you all knew, one God One love, one God, one way  
One love, one God, one way  
One love, one God, one way  
One love, one God, one way There is only one way you can be born again  
There's one way you can be free from sin  
I proclaim one way came from the son of man and  
If you don't agree then you can take it up with him  
One way might be hard to comprehend  
But one day ever single knee is gonna bend  
And just proclaim right now who he is  
Just the one and only way to eternally live  
(One way) So a choice this day is what I give  
You can walk away from everything Jesus did  
But it won't change just what the facts is

That there is only one way through Christ, that's it, one way  
One love, one God, one way  
One love, one God, one way  
One love, one God, one way  
You see, you see, I hold one mic to proclaim one way from one drop  
So that you would understand that it only took  
One time on one day on one cross  
And only one Christ came just to pay one cost  
And that one life is why I'm saved when I was just lost  
So just stop, shh, listen to what my advice is  
That in your crisis you need to understand who Christ is  
The priceless timeless sacrifice who's life is the reason why my life is  
Who's body hung lifeless but today is the reason why mine lives  
Who he is is not just your cuss word  
Who he is not just your homeboy on your t-shirt  
Who he is, I'll summarize in three words  
Way, truth, life and Ill say it till all have heard  
Now it's plain that Jesus walks but I know that he also runs  
And I know because he ran to me with his arms wide opened up  
There was nowhere I could hide now from his  
love  
And yet I know enough that one thing aint gonna change  
That at the end of the day when it all fades away  
No matter what they claim, no matter what they say  
It still only comes down to one love and one God and one way
