Lonely Lover

Haus Arafna

Girl gimme little loving girl, gimme little loving baby, come, come
Girl gimme little loving, I want you to, to be by my side tonight
Girl gimme little loving girl, gimme little loving baby, come, come
Girl gimme little loving, can't see myself alone tonightI don't mind when you say that you're going away
I just don't want to be lonely
And I don't care if we spend only moments a day
I just don't want to be lonelyGirl could you hold me babe that would please me
Don't do this darling I hate when you leave me
You got me hooked girl this isn't easy
If you don't love me baby release meNow girl we could dine, pour us some wine
After the meal we can unwind putting my heart back on the line
Girl it's a fact you should be mine
Now mi no plan [unverified] spend another long lonely nightAnd a lay down in a mi bed a hug mi pillow up tight
No feel no way I man can't take the fuss and the fight
I rather make sweet love to you under the candle light
I don't mind when you say that you're going awayI just don't want to be lonely
And I don't care if we spend only moments a day
I just don't want to be lonelyNow listen me please I'm down on my knees
I'm begging you darling put me at ease
What's with this feeling I wish it would cease
My heart is held hostage I beg for releaseWhy won't reveal just what you feel
Let it out babe just be for real
Girl what you afraid of why is it concealed
I know what I bargained for and this ain't the dealNow mi no plan [unverified] spend another long lonely night
And a lay down in a mi bed a hug mi pillow up tight
No feel no way I man can't take the fuss and the fight
I rather make sweet love to you under the candle lightI don't mind when you say that you're going away
I just don't want to be lonely
And I don't care if we spend only moments a day
I just don't want to be lonelyGirl gimme little loving girl, gimme little loving baby, come, come
Girl gimme little loving, I want you to, to be by my side tonight
Girl gimme little loving, girl gimme little loving baby, come, come
Girl gimme little loving, can't see myself alone tonight
