

# Centerfolds

## Placebo

Come on Balthazaa I refuse to let you die  
Come on fallen star I refuse to let you die  
'Cause that's wrong and I've been waiting far too long  
It's wrong I've been waiting far too long  
For you to be, be me, be, be mine  
For you to be mine be mine for you to be mine  
And it's wrong, I've been waiting far too long  
It's wrong, I've been waiting far too long  
For you to be, be me, be All the centerfolds that you can't afford  
Have long since waved their last goodbyes  
All the centerfolds that you can't afford  
You've long since faded from their eyes  
So be, be mine
