

Zion

Jersey Demic

Chorus

Snakes I keep my eye on
On the road to Zion
Walking every painful step
I dont ride in Scion
Babylon try to hold me down
I proceed to fly on
I wear mine, dreadlocks thats just as strong as LionsVerse
See i was watching Zeitgeist
Chillin eatin fried rice
Ever heard I failed once
Best believe I tried twice
Public like blind mice
I watch with that third eye
Yea that boy see everything
Call that there my birds eye
Yea my heart is so pure
Them girls dont deserve I
Born inside a clinic on an island still I survived
Against all odds im gon win
I keep on rising cuz im fighting til the end
Cuz if if you eat that pork meat
Might as well eat horse meat
Might as well eat the same food that that horse eat
No I aint a psychic, but certain things I forsee
No such thing as Freedom but we can be more freeChorus
Snakes I keep my eye on
On the road to Zion
Walking every painful step
I dont ride in Scion
Babylon try to hold me down
I proceed to fly on
I wear mine, dreadlocks thats just as strong as LionsVerse
Exactly what I be on
I been growing mine for Ions
Lions in the jungle and we scheming on you peons
I be paying homage but heres a little knowledge
Still we'd call it Kemet if it weren't for Africanus
We manifested destiny and this is what was promised

See I dont follow profits or the Dali Llama
If you breathe like me and see like me
Then best believe you bleed like me
Many claim the son of GOD but no telling who he might be
Just for what its worth, find your heaven here on earth
See they beat us into Christians and shipped us off to church
They say that the oppressed always mimic the oppressor
In case of revolution keep your burner on the dresser, cuz
