Cut A Hole

Radiohead

Wish that I could come out of the fog
Superhero powers
Burst out of the sand
in a bunch of flowers
you just say the word, apparition comes
with a long and winning handsome smile
wish we could connect
Step into the fog
of the diving board
blend into the light
down the cable lines
roll onto the earth

reforming on the wind
two places at once
taste the air with you
undo all the ties
wish that I could flip one of those lies
lift us on the wind
see that stretchy smile
go
Right across your
Face
Cut a hole (2x)
a hole (2x).
