

Eager for Your Love

Tristen

Don't believe that it's a curse
Don't believe it's so much worse
Don't believe that it's a curse
It's just intelligence
Don't believe it's so much worse
Than when he wasn't hers.
I was only going for you
I was only coming for you

Chorus:

Tame that nasty shrew
'Cause she knows what you're after
You've gotta keep her thin and hungry
So she's eager for your love
Some things seem so clear to me
With cloudy, muddled view
Sometimes people loud
Sometimes people la di da di da
I was only going for you
I was only going for you

Chorus

So she's eager for your love
Ohh ohh, ohh ohh
Ohh ohh, ohh
Ohh ohh, ohh ohh
Ohh ohh, ohh

Chorus x2

So she's eager for your love
So she's eager for your love
