Lucky Ladybug

The Four Seasons

Lucky ladybug, lucky ladybug, lucky ladybugLadybug, Silver Dollar, Rabbit's foot
With a four leaf clover and a horseshoe
Wishbone, Shamrocks, got me shook
Singin' abracadabra in a cat's eye.I wonder wonder if you love me
Guess I'll ask the stars above me
When the moon is bright canary yellow
It'll really be amazin'
If that crystal ball a-gazin'
Says I'll always be your steady fellow.Ladybug, Silver Dollar, Rabbit's foot
With a four leaf clover and a horseshoe
Wishbone, Shamrocks, got me shook
Singin' abracadabra in a cat's eye.Though your words are smooth & soothin'
Don't you feel it 's time for movin'
C'mon daddy rock me while the planet's rollin'
Keep it cool my ducky wucky
Baby doll our love is lucky
When you walk me down the aisle
We'll do it strollin'.Stupid cupid gave us fever
And an itchy twitchy feelin'
And the green mosquito must've bit us
Got a sloppin' like two robins
Makin' moon talk and bobbin'
Like a firefly splishin and a splashin'Ladybug, Silver Dollar, Rabbit's foot
With a four leaf clover and a horseshoe
Wishbone, Shamrocks, got me shook
Singin' abracadabra in a cat's eye.
