My Mind

Brandon Wolf Hill

[Intro]
Brandon Wolf Hill
Welcome to my mind
Welcome to my mind
Welcome to my mind

[Verse One]
My mind's full of crazy shit
You'll never be able to resist
Made a ham sandwich last night
Alright, time to find headlights
In my eyes
They flash, flash by
Gun fight, (pow-pow) motherfucker
All I can see is black and white
Flashing lights
The Po-Po after me
Hit the ground
Hit the ground
Hit the fucking ground
It's raining dead babies everywhere
Vaginas flying everywhere
What the fuck is going on
In my fucked up, messed up
Brain

[Verse Two]
Voices inside my head all day
So weird
I think I hear Satan
"Yes you do! I am here. Let's play some Xbox."
(Ouch)
I'm thinking about way too much fucking shit lately
Twinkle twinkle little
Twinkle twinkle
Twinkle little
Little star
Oh my god
Is that SpongeBob?

Oh my god

[Verse Three]
Hanging with my fucking homies
Living my nightmares through my dreams
Reality becomes nightmares
Nightmares become everything
Who the fuck am I
I'm-I'm-I'm me?
I think I overthought this
Think this
Thought this
It's this world-world-world-world
Is it real?
Is it fake?
Where am I?
Damn

[Verse Four]
I mean, I mean
(fuck her in the pussy, fuck her in the pussy)
(ew, ew, dick)
I licked a pussy last night
(I eat dick)
It tasted like fish
(Mine tasted like a hotdog)
Lick my lips (Mmm)
Like a bitch (bitch)
Yeah
Bitch

[Verse Five]
Actually, this fucking nightmare is my reality
Like, I live it everyday
And again (x7)
And it fucking won't stop
Thanks for listening
Brandon Wolf Hill on the beat
