

# Couldn't Cause Me Harm

Beth Orton

Ooh yeah, you know  
You couldn't cause me any harm  
Although, at times, I may get startled  
I'm not alarmed I can see your eyes  
I know when they're telling me untruths  
I can feel the heart  
Especially when it's on the roof of my mouth There's no right or wrong, this isn't a test  
And I won't lose my experience  
I won't try to put it aside  
But it's alright You know that it's alright  
It's alright  
It's gonna be alright It's gonna be alright And if I told you  
Would you never know to guess?  
Sure, what's the point  
When little often means so much less I can see for miles  
I know when you're telling me untruths  
I can feel my heart  
Especially now it's on the roof of my mouth There's no right or wrong, this isn't a gesture  
I don't use my experience  
I don't try to let it go by  
But it's alright You know that it's alright  
It's alright  
It's gonna be alright It's gonna be alright  
It's gonna be alright  
Gonna be alright  
It's gonna be alright
