

# Blow By Blow

## Moloko

I cant forgive and I cant forget  
Its never simple that way  
Too proud to let you know  
Oh, how I wish it was so  
It frightens me to say Why dont I let somebody new  
Take me home  
Lately I feel so alone  
Somebody new would make it easier  
For me to let you go, oh no So be it, let it be so  
Its better this way, baby  
Well, you can take me down  
What a way to go  
Blow by blow Its how it always happens  
(Blow by blow)  
In the throws of passion  
Is it any wonder  
(Blow by blow)  
Its no wonder at all Just to live a lifetime  
(Blow by blow)  
In the space of a lifetime  
Well, its the hardest thing to do  
(Blow by blow)  
But therell be nothing after you Blow by blow  
Kill me slow  
Blow by blow  
What a way to go Hey, hey, hey  
Hey, hey, hey  
You didn't mean those things you said  
(Hey, hey, hey)  
You didn't mean those things  
(Hey, hey, hey)
