Going Home

Ã•sgeir

Home, Iâ€™m making my way home
My mindâ€™s already there
Yes, my mind is...

Light, youâ€™re with me in the dark
Light my way at night
Let your light shine

Now, this burden weighs me down
The heaviest of weights
Knocks me to the ground
Right down to the...

Dew that sparkles on the ground
Blue mountains loom above
Blue mountains loom...

I walk alone; one wish
Wonâ€™t be forgotten
Never forget that ...

Long, is the path ahead
And though my body tires
And I have far to go
I know Iâ€™m going home
Know Iâ€™m going home
Know Iâ€™m going home
Know Iâ€™m going home
Know Iâ€™m going home

Home, Iâ€™m making my way home
My mindâ€™s already there
Yes, my mind is

Light, youâ€™re with me in the dark
Light my way at night
Let your light shine

Now, this burden weighs me down
The heaviest of weights

Knocks me to the ground

This burden weighs me down
Burden weighs me down
Burden weighs me down
Burden weighs me down
