

# Ant

## They Might Be Giants

There's an ant crawling up your back in the nighttime  
There's an ant crawling up your back in the nighttime  
But you think that's okay while you're sleeping That ant crawled in your head in the nighttime  
That ant crawled in your head in the nighttime  
But you think that's okay while you're sleeping Someday, that ant, he will grow up to be President  
Someday, that ant, he will grow up to be President  
But you think that's okay while you're sleeping The President calls your name in the nighttime  
The President calls your name in the nighttime  
And that will spoil your dreams while you're sleeping The men ransack your house in the nighttime  
The men ransack your house in the nighttime  
As the ant crawls up your back while you're sleeping
