I Idolize You

Ike & Tina Turner

If you want some loving,
That I'll give to you
And if you want some huggin', yeah
Said I can hug some tooAll I want, baby
Is some thoughts of you
Just a little of your attention, yeah'
You know, will see me through'Cause you know that you're my kind
And I want you to forever be mine
Aw, I idolize you,
You know I idolize youI would like to make love to you
When the lights are low
And I would like to scream to you baby
Just so I can let you knowAnd all I want, baby
Is some thoughts of you
And just a little bit attention, all right
You know, will see me through'Cause you know that you're my kind
And I want you to forever be mine
Aw I idolize you,
You know I idolize you, you knowIf you want me to beg to you
I'll forget my pride
I'm not ashamed of you baby
And I have nothing to hide'Cause all I want, baby, now
Is a small part of you
And just a little bit attention, yeah
You know, will see me through'Cause you know that you're my kind
And I want you to forever be mine
Aw I idolize you,
You know I idolize youOh baby, you know I idolize you
I know, I know, I know, I know
I know, I know, I know, I know
I idolize you
Oh
C'mon, c'mon, c'mon,
C'mon, c'mon, c'mon, babe
You know I idolize you
Oh c'mon, c'mon, c'mon
Oh c'mon, c'mon, c'mon baby
You know I idolize you
You know, you know, you know, you know
