

# We Right Here

Dmx

Bring it! What?  
We right here  
We're not goin' anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew 'cuz we don't care  
We right here  
One mo' time  
I gots to hit the streets off, make the streets talk  
Let 'em know it ain't a sweet walk  
This gon' be  
The only joint made this year that'll knock 'til 2003  
And y'all gon' see  
That the hottest nigga out there, was, is, and will be me  
Just like that  
I can go away for a minute, do some other shit, but bounce right back  
And when it's on  
I'm comin' strapped, with some shit that'll spit from dusk 'til dawn  
And when you gone  
Ain't no comin' back in the morning, like that shit was a dream  
Nigga you gone  
That's for real  
Creep niggas like a seal, totin' steel, stick a nigga make him squeal  
Oh, my God  
Those can't be the last words of ya man, damn ya man was so hard  
Come on  
Bring it! What?  
We right here  
We're not goin' anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew 'cuz we don't care  
We right here  
Here we go again  
How many million did my last one sell? Fuck it, I'm goin' for ten  
This never gon' stop, and every fuckin' time I hit you  
It's goin' straight to the top of the charts

The champion  
I'm a thoroughbred, my blood is strong, and I scratch 'til you done  
Cross the line  
And ain't no more scratches after that, straight up, niggas is dyin'  
Yo, what the fuck  
Is you cats doin' runnin' around like this?  
Like you won't get stuck, yo, that's my word  
I stay givin' it to niggas and I stay not really being heard  
But, y'all gone see  
That the same things thou did to them, will be done to thee  
And then you'll know

That sometimes though you come thru' the front  
You leavin' out the backdo', come on  
Bring it! What?  
We right here  
We're not goin' anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew 'cuz we don't care  
We right here  
Bring the noise  
And you better come with niggas you don't give a fuck about  
'Cuz you gone lose your boys  
'Cuz we don't play  
And the silencer will silence any cocksucker with somethin' to say  
Dog for life  
Whether I'm on or off the leash I bite, streets are my life  
Click, click, boom  
Another life taken too soon, another mother had a funeral  
Still waters run deep  
And the pain is forever alive inside, makes it hard to sleep  
But I keep goin', goin'  
Shit I'm always careful when I walk, I'm always seein', knowin'  
The dog gone live  
Stay walkin' the wire, over the fire, when I can I give  
The dog is good  
And how it's stayin' dog gone fuck with the hood  
The dog fuck with the wood  
Bring it! What?  
We right here  
We're not goin' anywhere  
We right here  
This is ours and we don't share

We right here  
Bring your crew 'cuz we don't care  
We right here  
Bring it! What?  
We right here  
We're not goin' anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew 'cuz we don't care  
We right here  
We right here  
We right here  
We right here
