

Forget You (Demo)

Royal Thunder

I can hear you calling
And I'm not gonna run
My energies pushing and pulling
I'm falling for this hard
I shake it off and forget you
See you out and feel okBut you keep drawing me back here
And I can't keep you away
your using me up, I feel wasted
And you really, oh you really got me now
But I'm sorting it out
Yeah I'm sorting it out
I'm sorting it out
oh your using me now i can see it
and you really, oh you really got me nowMaybe I need to slow down and wait
Around
It's around
I've seen it aroundI am waiting on the real thing
And I need it right nowDoesn't have to be a big deal
But I need it
Oh I need it right now
It's around
I can feel it around
I really oughta try
I'm a fool to speed up ahead
No I don't wanna be here
I shut down cuz everything is dead
And now my instinct is telling me
that I should just run
So I run really far
I see
Bright lights
Forming a wall
And now a fire
It breathes
As it burns
Down
All of my energies awakeYou better run for your life
You better run for your life
You better run for your life

You better run for your life
