Defying Gravity

The Veer Union

...I will be, defying gravity!Heavy is the heart I'm holding
(it's holding me down)
With the weight of the world with no wings
(I'm stuck to the ground)What was once a dream?
Is lost inside a scream?
I just need the energy
So I can fight the enemy in me(I won't let go, I won't let go!)
I've been six feet underground
Fighting to be found
But I won't let go
I won't let go!
I've been locked inside a cage
Left to rot away
But I won't let go
I won't let go!(I will be, defying gravity!
I will be, I will be defying gravity!)This is not a revelation
(It's what I've become)
This is just a destination
(To where I belong)So I will right the wrong
And rise up to the sun
I just need the energy
So I can fight the enemy in me...
(I won't let go, I won't let go!)I've been six feet underground
Fighting to be found
But I won't let go
I won't let go!
I've been locked inside a cage
Left to rot away
But I won't let go
I won't let go!(I will be, defying gravity!
I will be, I will be defying gravity!)(I will be, defying gravity!
I won't let go... I WON'T LET GO!!!)I've been six feet underground
Fighting to be found
But I won't let go
I won't let go!
I've been locked inside a cage
Left to rot away
But I won't let go
I won't let go!(I will be, defying gravity!

I will be, I will be defying gravity!)I fell into the fire,
Then stepped into the storm
The truth is but a liar
The day that it was born
I'll erase the lies within
To find the truth againI will be, defying gravity...I will be defying gravity!!
