

You Could Be That Girl

Brantley Gilbert

Well I'm looking for a bonnie
Lookin' for a p.I.C
A 'lil partner in crime come hell or high water she's down she's ridin' with me
'Lil miss watch for blue lights
While I drive, you can hold that .45
Go down in a blaze of glory
I always loved that story Now, you could be that
You could be that
You could be that girl
And I can see that good girl gone bad
You could be that girl I bet your daddy said you could be anything
Anything you wanted to be (ha)
Bet he never saw a renegade comin'
You're a lady
You know how to hit your knees
I need a girl who knows the good lord
I need a girl who's gonna pray for me yeah You could be that
You could be that
You could be that girl
And I can see that good girl gone bad
You could be that hot as a pistol
You got that rebel potential
Hop on this ol' motorcycle
Baby, let's make it official
Let's ride Baby girl let's ride You could be that
You could be that
You could be that girl And I can see that good girl gone bad
You could be that girl yeah What I need
Hey baby, you can be mine
Oh you could be that girl
Uh uh
I can see that
