

The Simple Art (Of Making You Mine)

Blowsight

This is a journey not for fun

You have to bare with me

Let's hold the clowns for entertainment and the girls for company

And the more you shoot the more i smile -

Just let the bullets penetrate

Hold the clowns for entertainment - dance around like timberlakeThe more you shoot the more i smile

But still i'm bleeding.So free yourself from everyone

Let's turn the party on

The situation is critical - i want us to shine

The night is still young

Let's turn the tv on

I'd like to call this the simple art of making you mineIf i could have a nickel - for everytime i said "no" -

I'd be a millionare but use the cash on the new nintendo

There was a part of me who loved the way you used to smile

The yesterday is f*cking grey - i'm glad it's been a while.So what's up with making me - it's making you the enemy

I try to heal but still i'm bleeding.So free yourself from everyone

Let's turn the party on

The situation is critical - i want us to shine

The night is still young

Let's turn the tv on

I'd like to call this the simple art of making you mineSo what do you want?

High voltage rock 'n roll!

And what do you need?

Blowsight in control!

(x2)So free yourself from everyone

Let's turn the party on

The situation is criticalSo free yourself from everyone

Let's turn the party on

The situation is critical

- i want us to shine

The night is still young

Let's turn the tv on

I'd like to call this the simple art of making you mine
