

Covered in Roses

Toad the Wet Sprocket

Covered in roses
Covered in roses
Covered in roses
No-one deserves it allCovered in roses
Covered in roses
What are they looking for?Take me for what I am
Not something more
When this boy becomes a man
Then you will knowCovered in roses
Covered in roses
And no-one deserves it allCovered in roses
Covered in roses
Always before a fallTake me for what I am
Not something more
When this boy becomes a man
Then you will knowCovered in roses
Covered in roses
Covered in roses
And no-one deserves it allTake me for what I am
Not something more
When this boy becomes a man
Then you will knowTake me for what I am
Not something more
When this boy becomes a man
Then you will know
