

# The Night is Still Young

Nicki Minaj

Yo, ayo tonight is the night that I'ma get twisted  
Myx Moscato and vodka, I'ma mix it  
Roll that spaceship, we about to get lifted  
Lift and the President gift is for the gifted  
This what you came, this what you came for  
You get what you buy, this what you paid for  
So make sure the stars is what you aim for  
Make mistakes though I never worry, life is a journey  
I just wanna enjoy the ride  
What is the hurry? It's pretty early  
It's okay, we'll take our time The night is still young  
The night is still young  
The night is still young  
And so are we The night is still young  
The night is still young  
The night is still young  
And so are we Ayo, drinks on you or the drinks is on me  
We ain't going nowhere like tanks is on E  
We still getting money, which bank is it gonna be?  
If he sexy, he planking on me  
So when them big boys want all of that  
Tell the bartender, say my order back  
It's bottle service, he ordered that  
Might let him take it home and slaughter that  
He got friends for all of my friends  
They ain't leaving 'till we say when  
And we gon' hangover the next day  
But we will remember this day  
So drop the pop and get low  
Or we can drop the top and just cruise  
We fresh to death, down to the shoes  
My only motto in my life is don't lose I never worry, life is a journey  
I just wanna enjoy the ride  
What is the hurry? It's pretty early  
It's okay, we'll take our time The night is still young  
The night is still young  
The night is still young  
And so are we The night is still young  
The night is still young

The night is still young  
So are weWe're just getting started yeah yeah  
We're just getting started yeah yeah  
Can't you see the night's still early  
And we gon' get wild and crazyWe're just getting started yeah yeah  
We're just getting started yeah yeah  
Can't you see the night's still early  
And we gon' get wild and crazyThe night is still young  
The night is still young  
The night is still young  
And so are weThe night is still young  
The night is still young  
The night is still young  
So are weHow dare we sit quietly  
And watch the world pass us by  
How dare we sit quietly  
And watch the world pass us by
