Above All

Hillsong London

How blessed are those who dwell in Your house
Whos lives become roads that You travel
They wind through the valleys to the light of the sunOne day in this beautiful place to worship
Your house is our home
Where our faces will shine in the light of the sonOur God reigns
Our God reigns
Our God reigns above allOur God reigns
Our God reigns
Our God reigns above allOur God reigns
Our God reigns
Our God reigns above allOur God reigns
(How blessed are those who dwell in Your house)
Our God reigns
(Whos lives become roads that You travel)Our God reigns
(They wind through the valleys)
Above all
(To the light of the sun)Our God reigns, our God reigns
(One day in this beautiful place, to worship)
Our God reigns
(Your house is our home, where our faces)
Above all
(Will shine in the light of the sun)
