

Raise A Voice

Crosby, Stills & Nash

We're all on our own
So look at us all, woah
How can we not raise
A voice against the madness
There isn't the time
To wonder or wait
'Cause only the young
Can carry the weight
And face the silence
Do we run? Do we stop?
Do we lie down? I think not
There's an answer that we've got
We are not helpless
The vision will stand
As blindness will fall
Now we must look for the light
In the darkness
Do we run? Do we stop?
Do we lie down? I think not
There's an answer that we've got
We are not helpless
No no no
No no no
No no
