

2morrow (We Aint Worried) [feat. Ty Dolla Sign]

DOM KENNEDY

The girls all came to me
After she took a shower I let her wear my supreme hoodie
I'm fully paid, got a young face when I'm fully shaved
I like Griffy, my dyin favorite would be Willy Mayes
You get in the game, be true to it
They say that I got a lot of hoes but I was used to it
Thinkin bout her body and what I would do it
Lookin at the stars, getting head, call that move roofie
She say I can't fuck wit you Dom
'Cause you're too stupid
Used to love death row and I used to love roofies
Talkin bout the west side, right there on Crenshaw back in '93
Everybody was from lynch mob
Girls ain't groupie, most these niggas are
Stop buyin Jordans, save up, you should get a car
Buy you laptop, buy you a saxophone
I got a clean bed me and you could get nasty on
She love it when I talk dirty, it's only 3: 30
I know you at work but can you come home early uh?
Just me and my bitch
And all she wanna do is hear me say some fly shit ah
Like all the places we can go
All the things we can do
When it's just me and you
We ain't worried bout tomorrow
Oh oh oh
No we ain't worried bout tomorrow
Oh oh oh And life's a bitch so I had to pimp it
I went from water where the lemon straight to lavish livin
Fashions trending, exchange numbers with the baddest women
I couldn't wear a suit and tie and get a average pension
'Cause niggas like me would always have attention
But niggas like me always had ambitions
Of being free in this cold world
It's just a couple real niggas left and my home girls
It's real shit right there
Watch my old videos, I still sit right there
Yea, ran with my clique right there
First in spot, I bust my lip right there

Yea, I'm just yo chick type yea
She probably nod her head like this is my shit right here
Yea, and I got my gang from Tha Dogg Pound
So if she knows me then I'll probably took them draws down
I got foreign cars now
I took the 6-4 'cause she like the way the car sound
It's just me and my bitch
And all she wanna do is hear me say some fly shit ah
Like all the places we can go
All the things we can do
When it's just me and you
We ain't worried bout tomorrow
Oh oh oh
No we ain't worried bout tomorrow
Oh oh ohOh oh oh
