

Echo

Gorilla Zoe

Echo
You did it to yourself
Now you're all by yourself
Acting like you hate me
I left because you made me You played me to the left
Now there's nobody left
To hear your complaining
I'm gone and all you hearing is your own Echo, e-e-echo
And I'm gone and you're all alone
Can't you hear the
Echo, e-e-echo?
No one to hear you
There's nobody near you It started off great but who was to know
That love that is lost, cannot be let go?
You say it's my fault, okay, then I'll go
It's better to know
Now there's nobody to argue with 'Cause I'm not home
Don't care who you're with
Don't call my phone Or did you forget
You know you're wrong?
I'm gone and you're all alone
Hearing your own damn Echo, e-e-echo
And I'm gone and you're all alone
Can't you hear the
Echo, e-e-echo?
Nobody near you
There's no one to hear you Disgusted with trust
I'll trust no one no more
Just went with the flow
Found myself on the floor When you went away
All my pain went astray
Like it's a new day
Now I have no one to argue with 'Cause I'm not home
Don't care who you're with
Don't call my phone Or did you forget?
You know you're wrong
I'm gone and you're all alone
Hearing your own, damn Echo
Hearing your own, damn echo

No one is near you
No one can hear you
It's your own damn Echo, e-e-echo
No one to hear you
There's nobody near you All night long, I thought to myself
Why would I stay with you?
Realized that you were the one who had issues
So why would I miss you? To argue with 'cause I'm not home
Don't care who you're with
Don't call my phone Or did you forget?
You know you're wrong
I'm gone and you're all alone
Hearing your own damn Echo
It's just you and your e-e-echo
It's just you and your
I hope you're talking alone It's just you and your echo
It's just you and your e-e-echo
There's no one to hear you
There's nobody near you Just your own damn echo
Your own damn e-e-echo
Echo, e-echo
Echo, e-e-echo, echo, e-echo To argue with 'cause I'm not home
Don't care who you're with
Don't call my phone Or did you forget?
You know you're wrong
I'm gone
