

Not Responsible

[Helen Shapiro](#)

I've taken in all you bring
An ever moving stream of dramatic evolution
And I've taken in what's happening
And poisoned the well you drink from with
An experienced solution And I'm not responsible, not responsible
For what happens when you are gone You're breathing in all you've seen
An imaginary comfort to create intoxication
And if you only knew what thoughts I had inside
And so good am I to hide
Your heart would hurt and turn to stone just like mine And I'm not responsible, not responsible
For what happens when you are gone, I'm not responsible
You're so irresistable, not responsible
And it happens when you are gone, I'm not responsible No love
No trust
Just lies
Lies You've been hidden from the truth
Can't reveal these things to you
And I know that there's no way to change it
And I feel for what I do
Taking innocence from you
Is just so easy and I just can't stop it And I'm not responsible, not responsible
For what happens when you are gone, I'm not responsible
You're so irresistable, not responsible
And it happens when you are gone, I'm not responsible No love
No trust
Just lies
Lies
