So Many Lies

Testament

I didn't mean to offend you
But you were way out of line
When I can't help this way I feel
Who said I feelin' fine?I'll only give you one warning
Then you must realize
The day of judgment is closing in
Your selfish ways brings your demiseHe who lies
Evil pays
Who are you?
Who made you anyway?Wrong or right
Who's to say
I wanna know
Who made you God todaySlave to the ways of the system
Soon to be crucified
Well, I've seen into your darkest fears
The ones you cannot hideI know where you go when your fears start showing
You run, you cannot hide
Will they respect you when you ask of the world
Forgive me for so many lies?He who lies
Evil pays
Who are you?
Who made you anyway?Wrong or right
Who's to say
I wanna know
Who made you God todayIs there a need to pretend to
Oh, be a man, so divine
And even if I offended you
My truth you can't denyI know where do you go when your fears start showing
You run, you cannot hide
Will they respect you when you ask of the world
Forgive me for so many lies?He who lies
Evil pays
Who are you?
Who made you anyway?Wrong or right
Who's to say
I wanna know
Who made you God todayHe who lies
[Incomprehensible]
