What's It Gonna Be?!

Janet Jackson

What's it gonna be
Is it gonna be you and me?
What's it gonna be
Is it gonna be you and me, babe?
Wasn't it you who said
"We'd be together always??
I think I've been misled
It took a while to see, but now
One of us has to go
You just can't love two, no, tell me
What's it gonna be
Is it gonna be you and me?
What's it gonna be
Is it gonna be you and me, babe?
What makes you think
That you could keep me hanging on a string
If you can't make up your mind
I'll bow out gracefully, yeah
But one of us has to go
You can't love two, no, no, no
What's it gonna be
Is it gonna be you and me?
What's it gonna be
Is it gonna be you and me, babe?
I wanna know what's it gonna be
Is it gonna be you and me?
What's it gonna be
Is it gonna be you and me, babe?
What's it gonna be
I hope you can see
It's gotta be you and me, baby
Tell me
What's it gonna be
Is it gonna be you and me?
What's it gonna be
Is it gonna be you and me
What's it gonna be
Is it gonna be you and me?
What's it gonna be

Is it gonna be you and me, babe?
What's it gonna be?
