Mated

Jaki Graham

Everyone asks are we some kind of lovers?
Everyone asks what you're doing with me
I know this is not what they want
They're afraid you've been blinded
But I already know how it's going to beIf anyone should ask say we're mated
For as long as this life lasts we are mated
Why else would you be here right now
And you know we'll still be here tomorrowNobody else understands what I'm doing
Nobody else makes me act in this way
And because they can't comprehend
What we mean to each other
They won't leave you alone so you know what to sayI hold you in my heart 'cause we're mated
In a very special part we are mated
Why else would I be here right now?
And you know I'll still be here tomorrowI see things far ahead, maybe light
Maybe beautiful children
I don't have words I'm thinking of
But it's way beyond what they call love
