Even Sleeping

Children 18:3

I want to cry but the tears won't come
There's blood on the ground
I think I know where it's from
But my hands are tied as I watch you dieStep away son, the worst is past, he said
But I can't see her breath, she's moving on fast
As the shadowy reaper glides through the trees
He's coming, he's coming, he's come to steal her away from meOh, what would it take
To keep you here in my arms bleeding?
Oh, what would it take
Is it so much to just start breathing?Stay with me, stay with me
Stay with me, even sleeping
Stay with me, stay with me
Stay with me, even sleepingI felt a panic but it happened so fast
Was like noon to dusk but only seconds had passed
We're here between seen, unseenI know you're crying at the hospital bed
I felt you pleading when I hoped to hear a smile instead
You can listen to the people and the things they will say
Or you can listen to your spirit saying send me on my wayOh, what would it take
To keep you here in my arms bleeding?
Oh, what would it take
Is it so much to just start breathing?Stay with me, stay with me
Stay with me, even sleeping
Stay with me, stay with me
Stay with me, even sleepingThe sun is down, it's at its end
I'll follow you as far as I can
The sun is down but the day won't end
I'll follow you as far as I canThe sun is down, she won't mend
I'll follow you as far as I can
The sun is down, they say that she won't mend
And I can't find you, I can't find youOh, what would it take
To keep you here in my arms bleeding?
Oh, what would it take
Is it so much to just start breathing?Stay with me, stay with me
Stay with me, even sleeping
Stay with me, stay with me
Stay with me, even sleepingStay with me, stay with me
(Oh, what would it take)
Stay with me, even sleeping
(To keep you here in my arms bleeding?)Stay with me, stay with me

(Oh, what would it take)
Stay with me, even sleeping
(Is it so much? Is it so much?)Stay with me, stay with me
Stay with me, even sleeping
Stay with me, stay with me
Stay with me, even sleepingOh, what would it take
To keep you here in my arms bleeding?
Oh, what would it take
Is it so much to just start breathing?
