Jester

Martin Short

You are slow to make decisions and always prefer
To be rude or to evade
You are stubborn and get very resentful when
They point out your mistakes
People are just trying to help you
And now it is getting late
Soon you'll be replacedDon't try to hide this truth deep inside
You know that it's better to face it
So listen up!!
Stop believing that you are a king
'Cause you act just like a jester
So Wake up! (Jester!)You waste time doing nothing and love to
Stall and to delay
You complain and don't act to feel better
Get out of inertia while you can
And let the truth emerge
Cause now it is getting late
Soon you'll be replaced
