

# Fantasy (feat. Dream Koala)

## Perturbator

Beauty.....  
It's a cold place down here  
It's a cold place down here  
Where I'm looking for you  
Where I feel bad undisturbedTell me  
There is nothing, that nothing happens  
I can't forget what we've lived togetherTake my hand  
Let me show you how I feel  
Let me show you how much I need you  
I need youTell me  
There is nothing, that nothing happens  
I can't forget what we've lived togetherTell me  
There is nothing, that nothing happens  
I can't forget what we've lived together
