

# Not Me

## Orlons, The

Always waiting for the truth to come out  
I'm caged in your eyes  
And it's making me lieSo I'm not everything you wanted me to be  
Sorry, I ever disappointed  
I am not meI lied my way in through your heart  
I feel so ugly  
And it's tearing at meSo I'm not everything you wanted me to be  
Sorry, I ever disappointed  
I am not meI am not me  
I am not me  
I am not meI am not me  
So I'm not everything you wanted me to be  
Sorry, I ever disappointed  
I am not me
