

# Lethal Injection

## Unit:187

Die, your fate is sealed by lethal injection  
Tried by a jury of false perception  
Lied to, they bribe you  
Submit to the wrong correction  
Your final dose is a lethal injection Your time has come, it's time to die  
Your soul is heavy, your heart is dry  
Inner fear takes control  
Say goodbye to this world Die, your fate is sealed by lethal injection  
Tried by a jury of false perception  
Lied to, they bribe you  
Submit to the wrong correction  
Your final dose is a lethal injection Judgment falls from the sky  
Lethal injection, you die tonight  
The bleeding starts, your life passes by  
Darkness falls, the end of life Die, your fate is sealed by lethal injection  
Tried by a jury of false perception  
Lied to, they bribe you  
Submit to the wrong correction  
Your final dose is a lethal injection
