Cease Fire (LP Version)

Sick of It All

I will never yield in my restoration won't look,
Won't look back though
I was torn to pieces nothing will destroy my determination
I won't be suppressed my voice will now be heard
Cease fire - What did I say I didn't mean to blow the world away
Cease fire - What do you know my mouth is like the barrel of a gun
Cease fire - What did I say, disarm (It's time to just disarm)
You're to cautious in the new day of this nation
It's so volatile words can cause an explosion so
I went to far so I shred up action
I had no idea the end would come so easy
Disarm, disarm, we're too far gone, we're to far gone
Someone please put out the flames
Yeah I know it's me to blame
Arrogance will never pay
